

ACA 2018 BOARD OF DIRECTORS ELECTION

Corporate members vote for the corporate directors. There are (2) corporate seats up for election to represent the Corporate members. The nine general member positions are voted from and by the General Members to represent the nine (9) aviation districts in the state. Districts 2, 4, 6, and 8 are up for election.

Corporate Candidates

CORY HAZLEWOOD

Corporate - Incumbent

Cory has more than two decades of experience in the aviation industry specific to planning, design and construction. Cory's expertise are in AIP project management, alternative project delivery such as P3, Design Build, and CMAR. He was the pioneer for one the first P3 projects of an airport special use facility in the North America. Cory has a long history of working with FAA, State and airport sponsors to align projects properly for AIP funding. He has worked on the airport sponsor side at San Diego International Airport and understands the sponsor's expectations for consultant delivery. Cory is currently the Western Region Group Manager for Design + Construction at the C&S Companies. He enjoys working closely with airport sponsors, private aviation businesses, and the funding agencies to resolve problems and improve public safety.

Cory received a Bachelor's degree in aviation management from Southern Illinois University and a second certification at San Diego State University for Construction Engineering. He is a 19-year pilot with over 1800 hours in several general aviation type aircraft and a 16-year active member of AOPA. Cory enjoys flying his a Beechcraft Bonanza out of Gillespie Field where his family has owned and operated a Fixed Base Operation (FBO) for 41 years. Cory has served on the ACA Board of Directors since 2009.

CHUCK MCCORMICK

Corporate - Incumbent

Chuck has 29 years of diverse aviation experience, primarily for California airports. He has experience designing airport electrical systems for both civilian and military airfields. He is responsible for preliminary and final designs as well as construction administration of airfield lighting systems, navigational aids (NAVAIDs), security systems, and other special systems associated with airfield improvement projects for both commercial service and general aviation airports. Chuck has 30 years of flying experience and over 20 years with the Federal Aviation Administration. He brings both the pilots and FAA perspective to a project. Chuck is involved in operating UAS aircraft.

JUSTIN CASTAGNA, CM

Nominated to Represent Corporate

Justin is the Operations and Project Manager for Aeroplex/Aerolease Group. In his current position, he has successfully managed projects ranging from large scale hangar developments, fuel farm construction, and the buildout of a U.S. Customs and Border Protection Facility. Justin oversees the day-to-day operations at five of Southern California's premier aviation facilities at the Long Beach, Van Nuys, and Santa Monica Airports, with over 200 based tenants. He manages all contractor bidding and management, oversees construction project management for the Aerolease entities, and negotiates lease and license agreements, at all times ensuring compliance with airport master leases, rules and regulations, and municipality policy.

A private pilot, Justin builds cooperative working relationships by interfacing with tenants, governmental agencies, airport and city officials, and community stakeholders. He is a certified member of the American Association of Airport Executives (AAAE) and the Southwest Chapter, a participant in the Association of California Airports, an active member of the Long Beach Chamber Young Professionals, Airport Cooperative Research Program, and serves as the current Chair of the Southern California Aviation Association Mentoring Committee. Through the combination of both public and private sector experience, Justin brings diverse and essential expertise to the Aeroplex/Aerolease Group.

General Member Candidates

GARY GOSLIGA - incumbent

Nominated to represent District 2 – Inland Empire Region

Since 2006, Gary has held the Airport Director position at the March Joint Powers Authority. He is responsible for the development and management of March Inland Port, a joint use military and commercial airport in Riverside, California. Prior to accepting his position with the March Joint Powers Authority, Gary enjoyed 23 years in the aviation industry. During those years, he held a respected assortment of aviation managerial and business development positions.

Gary started his aviation career in 1983 at the Ontario International Airport. Several years into his career, he became Service Manager of the UPS air operations at ONT. In 1990, he accepted a General Manager position with an aviation service firm and undertook a thirteen-year business development challenge at Los Angeles International Airport (LAX). During his business development efforts at LAX, Gary's leadership role expanded as the Regional General Manager for the business development and management of aircraft service operations at San Diego, John Wayne, Long Beach, Burbank, Oakland, Ontario and Los Angeles Airports.

SCOTT MALTA, CAE, AAE - incumbent

Nominated to represent District 4 – Central Valley Region

Scott has over 14 years in general aviation management, another 1.5 years at hub regional airport operations, and 10 years of military airport management experience. He worked at Langley Air Force Base beginning in 1995, managing the air traffic control and field operations. He did a few years with Prudential Insurance Company before taking on the Airport Operations Manager position at Roanoke Regional Airport in 2000. Since 2002, he has served as Airport Manager at Castle Airport.

Scott is a member of various aviation organizations, including the Southwest Chapter of the American Association of Airport Executives, the National Business Aviation Association, Aircraft Owners and Pilots Association, and the Academy of Model Aeronautics. Scott received his MS degree in Aeronautical Operations & Management from Embry-Riddle Aeronautical University and is an Accredited Airport Executive (AAE) received from the American Association of Airport Executives.

ANDY SWANSON – appointed to fill vacancy in 2018

Nominated to represent District 6 – San Francisco Bay Region

Andy is excited to have the opportunity to run for the ACA Board of Directors position as District 6 - San Francisco Bay Area Region. He was appointed to this seat early this year and would be honored to continue serving as your representative.

Andy is currently the Airport Manager at the Palo Alto Airport where he leads efforts to develop a strategic plan for millions of dollars of reconstruction projects which will enhance safety and replace outdated infrastructure. Andy has 35 years of management experience and over 19 years in the aviation industry. Andy has been a member of ACA and actively involved in the organization since 2001. He has attended and supported the California Aviation and Aerospace Days, and most recently this summer, he spent time with other board members delivering maps/charts that illustrate the location of all of the airports in California to our representatives in the State Capitol.

Andy has served as one of the Board of Directors for the Southwest Chapter of the American Association of Airport Executives (SWAAAE) and as member of the American Association of Airport Executives (AAAE) General Aviation Airports Committee. Andy is well-suited to represent ACA as your District 6 representative.

RAYVON WILLIAMS, CAE, CM - incumbent

Nominated to represent District 8 – Central Coast Region

Rayvon served in various management positions until he took on the General Manager role at Watsonville Airport in 2011. The airport was recently elevated to a department level and Rayvon is now the Airport Director. In this capacity, he manages a \$3.5 million operational budget and has returned the airport to profitability over the last three years.

Rayvon holds a BA in Communications from the University of North Carolina, MA in Business Administration from Webster University, St. Louis, and an MS in Aerospace Safety/Systems Management from Embry-Riddle University. He has received the designation of Certified Member (CM) from the American Association of Airport Executives. Rayvon is also an FAA certified commercial pilot and flight instructor.
